

## Fresh & Clean

### CABIN AIR FRESHENER, DISINFECTANT AND CLEANER - THREE IN ONE

Callington Haven is an ISO 9001 manufacturer and global distributor of aircraft health and biosecurity products. The Fresh & Clean has been specifically developed to combine three products in one and so reduce the number of items stored in the cabin and to improve safety to aircraft materials, passengers and crew.

#### A NEW CONCEPT IN AIR FRESHENERS

#### IMPROVES CABIN AIR QUALITY

- ✓ Delicate Fragrances
- ✓ Environmentally Friendly
- ✓ 100% Biodegradable
- ✓ Aircraft Approved
- ✓ Non-Flammable

## CALLINGTON'S FRESH & CLEAN - 3 STEPS TO CLEANLINESS

### 1. DEODORISES

### 2. SANITISES

### 3. PURIFIES

#### 1. Air Freshener

Fresh & Clean neutralises odours from the toilet and cabin area. It is available in a number of fragrances including Lemon Citrus, Frangipani, Peach, Embrace, Rose Shadow, Country Garden, Citrus Herbal, Pot Pouri and Tanga Lemon.

#### 2. Disinfectant

Fresh & Clean is a commercial grade disinfectant effective against a range of harmful bacteria and viruses including E-coli, Aureus, and Salmonella Choleraesuis. Fresh & Clean is ideal for use in toilets and air conditioning vents to eradicate germs.

#### 3. Surface Cleaner

Fresh & Clean is also a surface cleaner suitable for use on hand basins, toilets, cupboards, passenger trays and floors, creating a hygienic, clean environment.

#### ✓ Aircraft Approved

Complies to AMS 1550B and Boeing D6-7127 specifications for safety to aircraft materials.

#### ✓ Environmentally Friendly

Pump pack and aerosol are ozone friendly.

Our range includes World Health Organisation and Australian/New Zealand Quarantine approved insecticides, air fresheners and flight crew disinfectant hand gels, leather seat cleaner and speciality cleaning products.
